People living with cancer feel many different emotions, including distress. Distress is emotional, mental, social, or spiritual suffering. Here’s what you can do to help ease this symptom.

**TRY THIS**

**Don’t overwhelm yourself.** Focus on one thing, one day at a time. Take small steps.

**Be physically active.** Exercising can improve how well you feel.

**Practice self-reflection.** When you’re feeling stressed, pause to think about the situation.
